

Are all T45 tailpipes compatible

Overview

Yes, high-quality stainless steel reusable Tassimo pods designed with the exact dimensions and rim profile of original T-Discs are fully compatible with all Bosch Tassimo machines, including the T20, T45, T46, T55, T65, and T95 models. BS T45 (also commonly referred to as T45), is the carbon-manganese tube originally used in the fuselage parts of Spitfire and Hurricane aircraft. "BS" stands for British Standard. Thanks to our Dual Cup Technology (DC Tech) and our top quality ceramic bearings, you will experience the smoothest of rides, no matter how rough the road gets. Standard with 2x C-Bear (R or AC #pioneer) ceramic bearings installed can be used with torque wrench. When pairing with DUB compatible, shorter spindle length cranks such as Cybrei, Elilee, Magene, please add a note to the order. There are 2 versions: Standard and Coated. Arm Warmers Backpacks Bar Ends Bar Grips Bar Tape Bars - MTB Bars - Road Bars - Time Trial Bars - Track Base Layers Battery Bearings Bells Bicycle Locks Bike Bags / Boxes Bike Racks Bike Storage Bike Trailers Bike Work Stands Bikes - Electric Bikes - Folding Bikes - Gravel / CX Bikes - Hybrid Bikes.
