

Argentina Vertical Smart PDU Manufacturer

Article Overview

Key manufacturers and suppliers of vertical smart PDUs in Argentina include Tempel Group Argentina and global OEM/ODM providers offering high-density, monitored, and switched PDUs.

Local Manufacturer: Tempel Group Argentina

Tempel Group Argentina specializes in UPS and PDU solutions for critical infrastructure, including data centers, industrial facilities, and office environments. They provide monophase and three-phase PDUs with advanced protection against power outages, voltage fluctuations, and overloads, ensuring maximum uptime and energy stability for sensitive equipment in Argentina .

International Smart PDU Providers

Global manufacturers also supply vertical smart PDUs suitable for Argentine installations. These PDUs feature:

- High-density vertical form factors (e.g., 48 outlets in a 42U rack)
- Remote monitoring and control via SNMP, Modbus, RESTful API, and web interfaces
- Per-outlet metering and switching for precise energy management and automated reboot of locked devices
- Environmental monitoring for temperature and humidity
- Certifications including UL, CE, CCC, and RoHS for global deployment...
