

Belgian Low Voltage Complete Equipment Manufacturer

Article Overview

Automation and Electramo are leading Belgian manufacturers providing comprehensive low-voltage electrical solutions, with Automation also offering modular datacenter facilities.

Automation

Automation is a Belgian engineering company active since 1961, specializing in low-voltage electrical power solutions and datacenter facilities . The company delivers turnkey solutions, including All-in-One Prefabricated Datacenters and Modular Utility Platforms composed of IT and Facilities Modules. Automation has extensive experience in telecom infrastructure, with over 600 installed units such as Cable Landing Stations, Repeater Stations, and Disaster Recovery Sites. Their solutions are tailor-made or co-developed to meet specific customer requirements, emphasizing high quality, innovation, and advanced engineering .

Electramo

Founded in 1974, Electramo specializes in low-voltage electric motors and related industrial electrical equipment . The company provides customized solutions, fast delivery, and flexible modification options for industrial clients across Europe. Electramo operates from Belgium with a strong logistics network and international presence, including subsidiaries in the Netherlands, France, and a production facility in China. Their focus is on reliable service, long-term partnerships, and maintaining...
