

Complete set of concealed wiring distribution box

Article Overview

A complete concealed wiring distribution box includes the enclosure, circuit breakers, residual current devices (RCDs), dual-line wiring, and accessories for safe and organized electrical distribution.

Key Components

- Enclosure
 - Concealed or flush-mounted design for aesthetic integration into walls.
 - Materials: Flame-retardant ABS or galvanized steel for durability and corrosion resistance.
 - IP Ratings: IP40 for dry indoor areas, IP54/IP65 for damp or outdoor environments to ensure protection against dust and water ingress .
- Circuit Protection
 - Miniature Circuit Breakers (MCBs): Protect individual circuits from overload and short circuits.
 - Residual Current Devices (RCDs): Provide leakage protection to prevent electric shocks.
 - Configurations: 2-point to 10-point circuit protection options, with dual-line wiring for enhanced safety .
- Wiring and Accessories
 - Dual-wire connections (4–6 mm²) for reliable current flow.
 - Includes essential accessories such as switches, sockets, connectors, cable ties, a...
