

Custom Nordic Cable Tray Manufacturer

Article Overview

Nordic Wire Tray and other specialized manufacturers offer fully customizable cable tray solutions tailored to project-specific requirements.

Nordic Wire Tray (NWT)

Nordic Wire Tray specializes in customizable wire trays and cable management systems suitable for various industries. They provide flexible solutions that can be cut, bent, and shaped to meet the unique conditions of each project. Their modern production facilities allow for custom dimensions, surface treatments, and material options, including stainless steel, ensuring high durability and compliance with demanding environments. NWT emphasizes fast installation with fewer fasteners and offers both standard and premium X-Tray products for heavy-duty applications .

Shielden

Shielden offers a wide range of custom cable tray systems made from stainless steel, galvanized steel, aluminum, and fiberglass-reinforced plastic (FRP/GRP). They provide tailored designs for industrial plants, commercial buildings, offshore platforms, and renewable energy projects. Their trays include ladder, perforated, wire mesh, solid bottom, and channel types, all designed for corrosion and fire resistance. Shielden focuses on durable, high-performance solutions with easy installation and maintenance .
