

Fiber Optic Enterprise Router 10G Warranty

Article Overview

Enterprise 10G fiber optic routers typically come with warranties ranging from 1 to 5 years, often including software updates and priority support.

Warranty Overview by Vendor

Ubiquiti UXG-Fiber The Ubiquiti UXG-Fiber desktop 10G gateway includes 5 years of coverage, which provides faster replacement and priority support. This warranty also includes protection powered by Proofpoint's security services with real-time threat updates, ensuring both hardware and security support are maintained during the warranty period . MikroTik CRS317-1G-16S+RM MikroTik provides free software updates for the life of the product or a minimum of 5 years from the date of purchase. While the hardware warranty specifics are not explicitly listed, MikroTik devices generally include a standard manufacturer warranty covering defects and hardware failures, and the dual redundant power supplies enhance reliability . TP-Link TL-SX3008F TP-Link's enterprise-level 10G SFP+ switch integrates into the Omada SDN ecosystem. Warranty details are typically provided on a per-region basis, but TP-Link enterprise devices generally include limited hardware warranties and support for software updates. Users are encouraged to check TP-Link's website or contact support for exact warranty duration and coverage for SDN-enabled devices .
