

# How much should the price of a distribution box double

## Overview

Summary: distribution box replacement typically runs from about \$1,000 to \$5,000. Most homes fall in the \$1,500-\$3,000 range for standard upgrades; complex upgrades or high-end panels can push totals higher. Always factor permit costs and potential town-specific requirements. When you start looking for a distribution box, you'll quickly realize the price range is wider than a highway. You might find a small plastic unit for the price of a fancy dinner, or an industrial-grade stainless steel beast that costs as much as a compact car. **PREMIUM CONSTRUCTION POWER DISTRIBUTION BOX:** Crafted by WESTERN, the 6506TLSX Temp power box features a durable blend material for long-lasting performance in demanding environments. Key cost drivers include panel amperage, indoor vs outdoor location, wiring length, and whether a full panel upgrade or rerouting is needed.
