

How to calculate the cost of galvanized rainproof cable trays

Overview

Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. The average cable tray price per meter ranges from \$2 to. Finish: Hot-dip galvanized, pre-galvanized, or powder-coated?

The finish affects price. <What Are The Common Types of Cable Trays> Size: Width and depth matter. Although metal pipes (conduit) may appear cheap initially, they tend to be the most costly option when the job is finally complete, since they consume a lot of time to install. That number matters, but it's rarely the one that decides whether a project stays within budget. The real cost shows up later, during installation, during upgrades, and during the first few years of operation.
