

Malaysia Fiber Optic Cable for Sale

Article Overview

Malaysia has a well-established fiber optic cable industry with multiple leading suppliers offering a wide range of products for telecommunications, data centers, and industrial applications.

Leading Manufacturers and Suppliers

Opcom Holdings operates one of Malaysia's most established fiber manufacturing facilities, offering complete passive infrastructure solutions including cables, subducts, and installation equipment. Their air-blown fiber systems can be installed 40% faster than traditional cable pulling methods, making them ideal for dense urban deployments . Tenaga Cable Industries (TCI), part of Malaysia's national utility company, produces Optical Ground Wire (OPGW) cables that combine electrical power and fiber optic communications. Their high-voltage testing facilities ensure cable performance under extreme conditions . Hengtong Malaysia manufactures everything from optical preforms to submarine cables, supplying undersea links connecting Malaysia to Singapore, Thailand, and Indonesia. Their automated production lines allow competitive pricing and consistent quality . Southern Cable Group produces both electrical and optical cables, with modern production lines supporting faster delivery and large orders. Their public listing ensures financial transparency and reliability . Other notable suppliers include JM Eastern Hardware, Teknobumi Sdn Bhd, Elect Plus Sdn Bhd, and IEP Sdn Bhd, which provide high-quality fiber optic cables and installation tools for telecommunications and data communication sectors .
