

National Optical Cable Splice Box Prices

Article Overview

Fiber optic splice boxes typically range from \$20 to \$150 for retail units, with wholesale or bulk orders priced lower per unit depending on capacity and material.

Retail Prices

On platforms like Amazon, fiber splice enclosures for small-scale or residential use generally cost between \$20 and \$80 for standard 12–24 core boxes. For example, a 24-core horizontal alloy IP68 waterproof splice enclosure is available for around \$50–\$70, including accessories like trays, waterproof tape, and mounting kits . These enclosures are flame retardant, waterproof, and suitable for overhead, duct, direct burial, or branch connections.

Wholesale and Bulk Pricing

For larger-scale deployments, Alibaba and Global Sources offer factory-direct and bulk pricing. Prices vary based on core capacity, material (plastic or metal), and environmental protection rating. Typical wholesale prices for standard fiber optic splice closures range from \$15 to \$60 per unit, with discounts for bulk orders of 50 units or more . High-capacity or specialized enclosures, such as OPGW joint boxes for pole or tower mounts, may cost more due to durable metal construction and ISO9001 certification .

Factors Affecting Price

- Core capacity: Higher core count enclosures cost more,....
