

Norwegian Terminal Box Supplier

Article Overview

Norway offers a range of terminal and junction box suppliers, including Norske Backer, R. STAHL Tranberg AS, Elbilgrossisten AS, and Farnell Norway, catering to standard, industrial, and hazardous-area applications.

Key Suppliers

Norske Backer provides a wide selection of junction boxes suitable for heating and defrosting elements. Their boxes are rotatable for optimal cable entry positioning and are made from carbonate plastic or cast aluminium. They offer splash-proof designs with IP54 and IP65 protection ratings and options for mounting thermostats and temperature limiters. R. STAHL Tranberg AS, based in Stavanger, specializes in explosion-protected (Ex) equipment and high-voltage solutions. Their portfolio includes junction and terminal boxes for hazardous areas, cable glands, and control stations. They also provide CAP437-compliant helideck lighting and rugged marine navigation systems, offering fully certified, maintenance-free solutions for offshore, marine, and aviation environments. Elbilgrossisten AS supplies durable junction boxes made from polycarbonate, PVC, or metal, with protection ratings from IP20 to IP68. Their products feature flexible cable management, pre-drilled holes, and compliance with IEC 60670 and NEK EN 62208 standards, suitable for both indoor and outdoor installations. Farnell Norway stocks a broad range of junction boxes from top manufacturers such as Hylec, Amphenol Wilcoxon, Multicomp Pro, PRO Elec, and Phoenix Contact. They offer fast quotes, same-day dispatch, and technical support, making them a convenient option for both standard and specialized electrical projects
