

Optical Module Patent Dispute

Overview

The European Patent Office (EPO) Technical Board of Appeal issued a final, binding, and non-appealable ruling on June 24, 2026, revoking Fujikura's European Patent EP 3796060 in its entirety. This ruling also resolves the UK patent dispute between the parties in STL's favor. This ruling also. LONDON, July 10, 2026 /PRNewswire/ -- STL (NSE: STLTECH) a leading connectivity solutions provider for AI-ready digital infrastructure, today announced a definitive victory in its European patent dispute with Fujikura Ltd. For example, TI= (safety belt). Search by Cooperative Patent Classifications (CPCs): These are commonly used to represent ideas in place of keywords, and can also be entered in a search term box. (AOI) and Molex, LLC reached a settlement in principle after just 200 days of litigation—bringing Case No. This strengthens its position in optical connectivity markets across UK and Europe, highlighting global IP capabilities.
