

Palau Tail Fiber Cable Company

Overview

The Belau Submarine Cable Corporation is a state-owned public corporation that owns and manages a submarine fiber optic cable network for the Republic of Palau. The PC1 cable stretches about 200km connecting Palau to a branching unit of the SEA-US cable. Palau's remote location led to a slow uptake of its information and communications technology. Palau's One-Stop Shop for Home & Personal Telecom Reliable internet, voice and TV solutions for Palau's businesses Palau's fastest LTE with prepaid SIMs in downtown Koror Save on prepaid data, voice & internet with PNCC's latest bundles and promos How can we help?

Why PNCC?

At PNCC, we've been. An AIFFP loan and grant package is enabling increased internet connectivity in Palau, with Australia, Japan and the United States supporting construction of a fibre optic submarine cable system. mainland (Echo subsea cable system). PC2 adopts the latest optical wavelength multiplexing transmission system of.
