

Price of 200x100 Stainless Steel Cable Tray

Article Overview

The price of a 200x100 stainless steel cable tray typically ranges from \$50 to \$150 per meter, depending on material grade, customization, and supplier.

Pricing Overview

The cost of a 200x100 stainless steel cable tray depends on several factors:

- **Material Grade:** 304 stainless steel is commonly used and moderately priced, while 316 stainless steel, which offers higher corrosion resistance, is more expensive .
- **Tray Type:** Trough-style, ladder, or perforated designs can affect the price. Trough trays are often slightly more expensive due to their solid construction .
- **Length and Thickness:** Standard lengths are 2.9–3 meters, and thicknesses range from 1.0mm to 2.0mm. Thicker trays cost more due to higher material usage .
- **Customization:** Custom dimensions, bends, or special finishes (e.g., polished or powder-coated) increase the price .
- **Supplier and Location:** Prices vary by supplier, shipping distance, and import/export costs. Bulk orders often reduce per-meter cost.

Typical Price Range

- Standard 304 stainless steel, 200x100mm, 2–3m length: \$50–\$100 per meter.
- High-grade 316 stainless steel or custom finishes: \$100–\$150 per meter.
- Additional accessories (supports, clamps, covers) may add \$5–\$20 per meter....
