

Price of Custom-Made Long-Span Cable Trays in the Philippines

Article Overview

Long-span cable trays in the Philippines typically range from ₱1,310 to ₱5,300 per piece, depending on material, size, and specifications.

Price Range and Materials

The cost of cable trays varies based on material and size. Common materials include aluminum, electro-galvanized steel, stainless steel, and hot-dip galvanized steel. Prices for standard cable trays generally range from ₱1,310.24 to ₱5,307.10 per piece. Long-span trays, which are designed to cover extended distances without intermediate supports, may be priced at the higher end of this range due to increased material and fabrication requirements.

Specifications Affecting Cost

- **Width and Depth:** Cable trays are available in widths from 60mm to 300mm, with larger widths and deeper trays costing more.
- **Thickness:** Aluminum trays typically range from 1.0 mm to 1.5 mm, while galvanized steel trays may use Gauge 16 or thicker for durability.
- **Finish:** Bare GI (galvanized iron) trays are generally cheaper, while powder-coated or stainless steel trays offer corrosion resistance and higher durability, increasing the price.
- **Accessories:** Covers, bolts, nuts, washers, and connectors are often included in long-span tray kits, which can slightly increase the overall cost
