

Pricing list for photovoltaic fiber optic cable splicing

Overview

Browse verified fiber optic and cable splicing contractors across the country. Filter by service type and location. For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. The "per splice" rate is the most. There are two primary methods for joining fiber optic cables, each with a distinct price profile and performance outcome. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination. Higher strand counts increase costs proportionally—a 12-strand fiber.
