

Sri Lanka cable tray unit price

Article Overview

Cable tray prices in Sri Lanka vary widely, typically ranging from LKR 1,500 to LKR 15,000 per meter depending on material, type, and load rating.

Price Range by Material and Type

- Galvanized Steel (Light to Medium Duty): LKR 1,500 – 4,500 per meter, commonly used for standard installations .
- Hot-Dip Galvanized Steel (Heavy Duty): LKR 4,500 – 8,000 per meter, offering superior corrosion protection for humid coastal areas .
- Aluminum Alloy Trays: LKR 6,000 – 10,000 per meter, lightweight and corrosion-resistant, suitable for specialized projects .
- FRP (Fiber Reinforced Plastic) or Non-Metallic Trays: LKR 8,000 – 15,000 per meter, ideal for highly corrosive environments or chemical plants .
- Wire Mesh or Perforated Trays: LKR 2,500 – 6,000 per meter, providing ventilation and cable management flexibility .

Factors Affecting Price

- Material Quality: Stainless steel and FRP are more expensive than standard galvanized steel .
- Tray Type: Ladder-type trays are generally costlier than perforated or solid-bottom trays due to structural strength .
- Load Rating: Heavy-duty trays designed for high cable loads cost more than light-duty options .
- Galvanization Quality: Hot-dip galvanization meeting ASTM A123 standards increases longevity and price
