

What are some manufacturers of flat optical cable production equipment

Article Overview

Rosendahl Nextrom and HongKai are leading global manufacturers of flat optical cable production equipment, offering complete solutions from fiber drawing to finished cable.

Rosendahl Nextrom

Rosendahl Nextrom is a global leader in optical fiber and fiber optic cable production technologies. They provide equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing, and cable assembly. Their solutions are designed to meet the increasing demand for high-density, small-diameter cables and include advanced monitoring systems like EFL for real-time fiber length assessment, which helps reduce scrap rates and improve production quality. They offer both complete manufacturing lines and individual process equipment, allowing customization to specific production needs .

HongKai

HongKai is another prominent manufacturer of fiber optic cable production equipment, with over 20 years of experience. They supply machinery for indoor and outdoor optical fiber cables, supporting high-speed data transmission with low attenuation. HongKai provides customized production line solutions, including plant layout, installation, debugging, and technical training. Their equipment covers a wide range of cable types, fiber counts, and diameters, and they emphasize after-sales s...
