

What platforms sell network server racks

Article Overview

You can purchase network server racks from platforms like Newegg, EDP Europe, FS, Enconnex, and AZE Systems, offering a wide range of standard and customizable solutions.

Key Platforms and Offerings

Newegg provides a variety of server racks and cabinets, including open-frame racks for easy access and enclosed cabinets for secure, dust- and heat-protected storage. They offer multiple sizes, mounting options, and features like lockable doors, cable management, and built-in cooling fans . EDP Europe supplies IT and logistics racks, including standard server and communications enclosures, chimney racks, multi-compartment co-location cabinets, and soundproof solutions for edge computing. They also offer customizable options to fit specific requirements . FS offers a portfolio of server racks and cabinets designed for secure and complete infrastructure solutions, catering to both standard and specialized IT environments . Enconnex manufactures highly configurable racks and cabinets, including their flagship InfiniRack. Their products range from edge-ready smart racks to military-grade shielded enclosures, with options for pre-loaded PDUs, accessories, and fully assembled units for quick deployment . AZE Systems provides premium server racks, network cabinets, and data center solutions. Their offerings include floor-standing racks, wall-mount enclosures, and fully enclosed cabinets with customizable dimensions, colors, and features to optimize performance and security .
